## ALTO CONFORT PLUS®

RELAXING HEATED LOUNGER

### World's first!

Awarded for its innovation and design, the unique Alto Confort Plus lounge is for freely enjoying the benefits and pleasure of your sauna. Elegant and comfortable, it fits wherever you want in the room. Its advanced infrared technology provides physical relaxation and de-stressing, while soothing the mind day after day.

With its backrests, seats and armrests adjustable to different positions, the Alto Confort Plus lounge invites you to enjoy an infrared session in perfect comfort. Lean back and relax, your session can start anytime and anywhere.

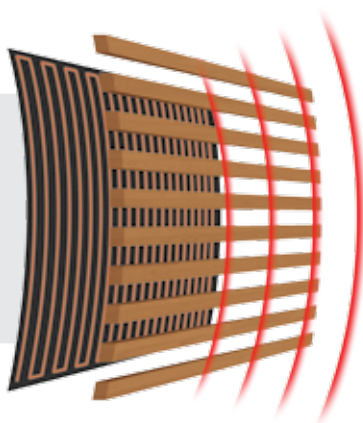

### L'Alto Confort Plus provides the choice of 3 positions for perfect comfort:

- Upright for a standard session.
- Intermediate for a relaxing activity such as reading.
- Lying back for a moment of perfect relaxation.

### Built-in infrared radiation

The Alto Confort Plus® has carbon fibre infrared panels.

These emitters cover the entire seat area, from the back of the neck to the legs, and provide an equal heat over the whole body.

### TECHNICAL SPECIFICATIONS

Solid wood frame

Type C infrared power – 550W

Max. dimensions: 158 x 110 x 60 cm

Adjustable tilting seat and backrest

Flip-up armrests

### TARGETED WELLBEING

The Alto Confort Plus® provides a moment of perfect relaxation in an ergonomically designed lounge while enjoying the benefits of infrared: relaxation, relief from pains in the muscles and joints, and help with stimulation of the blood circulation.

Heat intensity is adjusted by remote control.
